

You shouldn't have to pay for high-quality college. So don't.

With Degrees+, you have 3 ways to get your degree for \$0 out of pocket. (For real.) Let's see how you could get your degree fully funded.

Did you know 56% of Americans could get their degree fully funded through Degrees+ using Pell Grants alone?*

- Really! How is this possible?
- We created a degree program that's so low cost your tuition could be 100% covered by the average Pell Grant. While federal Pell Grants have been around for decades, they barely make a dent in the average cost of college today. But not anymore.
- Degrees+ is purposefully priced at $\frac{1}{3}$ the national average tuition.** And the best part? Everything's included: No hidden fees. No expensive textbooks. No nonsense. Degrees+ maximizes your financial aid to make fully funded college a reality! 🤖

Are you planning to study full-time or part-time?

The amount of financial aid you might qualify for depends on how many credits you're taking. Each college credit takes about 3 hours of work per week. So full-time students taking 12 credits can expect to spend about 36 hours/week on their coursework.

Congratulations!

Looks like you may be qualified to get your degree at no cost to you using the following:

Financial aid

As a full-time student, you may be eligible for a Pell Grant of up to \$7,395. And that's just one form of financial aid you could qualify for!

Simply submit the FAFSA (Free Application for Federal Student Aid) to see how much aid you qualify for. We'll email you some details about how to complete the FAFSA.

Military benefits

Maximize your training and benefits.

Your experience is valuable. That's why GGU awards up to 12 college credits for previous military training and service. That's \$1,788 in savings and one term already out of the way!

Plus, veterans and military families are eligible for many college tuition benefits that could fully fund your Degrees+ program. Visit the [GI Bill® website](#) or call 1-888-442-4551 to see if you qualify.

Employer benefits

Ask your employer about education benefits.

Many employers across the US offer education benefits that could fully fund Degrees+ for their employees. Companies like Amazon, Target, and Tyson Foods, just to name a few.

Don't leave free money on the table. Check with your employer to see if Degrees+ is covered under their education benefits.
