YOUR SAVINGS REPORT

Given your unique situation, here's how you can save on your
degree—and potentially get it fully funded (our favorite!):

Financial Aid: As a part-time student, you may be
eligible for a Pell Grant of up to \$3,698, so your
annual tuition could be just \$798 all-in (plus no
hidden fees or textbook costs)—and that's just one
form of financial aid you could qualify for!

Simply apply to Degrees+ (the super-streamlined
app only takes about 20 minutes to submit!) and
then complete the [FAFSA](#) (Free Application for
Federal Student Aid) to see how much aid you qualify
for. Here's a [step-by-step guide](#) to help you!
